

# INCIDENT RESPONSE SOLUTIONS

Forensic Technology Services

## Do you require a Forensic Computing Expert Witness?

We have extensive Forensic experience and use leading technologies to collect, examine and report on your electronic evidence requirements.

Our Forensic Technology expertise includes Computer Forensics, eDiscovery as well as Cybercrime Incident Response and Social Media Analysis. Our background includes experience in Law Enforcement (NZ Police) and Big 4 Professional Services.

We have significant experience in providing expert witness reports and in delivering expert witness testimony at trial.

Central to our solution is an innovative and customised offering using leading providers and experts who assist clients (and where instructed their lawyers) to guide them through complex investigation, litigation and regulatory matters.

## Why Incident Response Solutions?

We specialise in the forensic collection and examination of data from a wide variety of sources e.g. laptops, desktops, servers, mobile devices and cloud. We adhere to global forensic standards and have the proven experience in applying advanced investigative and analytical techniques to help our clients solve their problems.

The core of our business is to provide the confidence you require to prepare for, respond to and recover from incidents, to a forensic standard, i.e. the highest level of proof. We strive to make you look good, even in times of crisis.

Campbell McKenzie, who leads the team, has many years of proven experience in providing forensic computing expert witness services in New Zealand.

# What next?

Start by asking yourself the following questions ... and then get in contact with us.

- Have we suffered from a theft of intellectual property, employee misconduct, data breach, cyber-attack or similar?
- Do we require a forensic computing expert witness?
- Do we require our forensic technology service provider to operate leading forensic software?

To find out more, please give us a call, send us an email, or visit our website.
